

## **New pricing structure for Tropical Soul Dance Studio**

To our dear Soul-Mates and dance community,

We're excited to inform you of the new pricing structure that will take effect at Tropical Soul Dance Studio, starting from **21 December 2019**.

Through these changes, our aim is to create a more streamlined experience for you when purchasing and booking for classes. We are simplifying our payment options to stay in line with the dance industry's evolving practices.

We will still be offering both memberships and casual options, to cater to individual needs. We will now be offering a 1 week free trial for any new student, to enable them to sample the unique TS experience. To view all the pricing options on offer from 21 December 2019, visit the following page on our website:
